

“ Il Salento è una terra di miraggi, ventosa; è fantastico, pieno di dolcezza; resta nel mio ricordo più come un viaggio immaginario che come un viaggio vero.
G. Piovene, 1957

Salento is a windy land, rich in mirages; it is fantastic, full of sweetness: it remains in my memories more as an imaginary journey than as a real one.
G. Piovene, 1957

Carlo, Franco e Gianvito welcome you in Salento and invite you to visit, for few hours, their winery in the Negroamaro Lands. Friendliness and hospitality, this is what you will find at their winery.

Minitour of Negroamaro Lands

This “minitour” aims to disclose to our hosts not only our vineyards, but also some unknown parts of this lands in the territory of Guagnano.

The winery which is very close to the historical centre is the gathering point from where the tour begins. We start the tour from the vineyards cultivated according to the ancient “alberello” style.

The tour continues with the visit to the artistic-existential hermitage built by a famous Guagnano painter (Vincent); built in Gaudian-style.

Once back to the winery a sommelier will guide you through the wine tasting experience with 5 of the most important labels of the winery paired with “La Marennna” (local platter of cold cuts and cheese).

TIMESLOT: upon request - Duration: 2 hours circa.

The story begins in 2002: There was the need to save some inherited vineyards of primitivo and negroamaro from the abandonment and from the ferocious advancement of solar farms. But everything took a different turn on 18th July 2002 when the winery Feudi di Guagnano was founded.

La Marennna

In the peasant world, “la Marennna” was a sort of fast and frugal breakfast that people used to have in the shade of a high tree or in the so called “pagghiara” (an ancient rural building made with stones).

We offer “La marennna” depending of the season and it includes the tasting of platter of cold cuts and cheese paired with 3 of our best wines.

The experience is enriched with anecdotes, stories and curiosities, such as the one on Leonardo da Vinci’s “cask-filler”.

TIMESLOT: upon request - Duration: 1 hour circa

The Vintage of Negroamaro

How many of you have personally experienced the vintage of grapes? Picking negroamaro grapes and feeling the scent of the juice that comes out from the ripen grapes is something extraordinary.

Pruning shears in our hands, a bucket and a lot of good will. We all get to our vines where the vintage begins, together with the winery workers.

After about an hour we return to the winery to taste 3 different wines, paired with La Marennna (local platter of cold cuts and cheese).

**TIMESLOT: upon request
Duration: 2 hours circa.**

Let’s Drink it Strange

Throughout the whole year the winery suggests the tasting of our wines in unusual contexts and at the same time original: in the vineyards during a beautiful sunset or getting the wine directly from the barrel in order to discover its slow evolution throughout time.

It is a “Strange” way to drink wine. Remember what Jessica told Ivano in the film *Viaggi di Nozze* directed and starred by Carlo Verdone? Well, the slogan “Let’s drink it strange” takes inspiration from the famous “Let’s do it strange” of the bizarre Roman couple.
